Your Supervisor's Email Address:

I certify that I am specifically designated by the Attorney General, the Deputy Attorney General, the Associate Attorney General or the principal prosecuting attorney of the state or subdivision thereof acting pursuant to a statute of that state to command technical assistance from this telecommunications carrier in this emergency situation.

I have determined that an "emergency situation" exists that involves immediate danger of death or serious physical injury, conspiratorial activities threatening the national security interest, conspiratorial activities characteristic of organized crime, or an ongoing attack on a protected computer and requires this telecommunications carrier to provide technical assistance before an appropriate order can, with due diligence, be obtained from the court.

There are legal grounds upon which a court order could be obtained to authorize such electronic surveillance and direct this telecommunications carrier to provide all information, facilities and technical assistance.

An application for an order will be made within 48 hours of receipt of this certification, or the time period provided by applicable law, and that this emergency electronic surveillance will cease if an order is not issued within this time period, the communication sought is obtained, or the application for an order is denied, whichever is earlier.

This telecommunications carrier is hereby commanded to provide technical assistance for

[description of electronic surveillance to be activated – i.e. trap & trace, pen register, wiretap, or FISA]. No legal cause of action shall lie against this telecommunications carrier for complying in good faith with this certification.
